About the Author

This author has authored things in the past and they will hopefully do so again in the future. Who knows? The Shadow knows!

Apress' The Definitive Guide to Spring Integration

Action!

The book is done (for now) but there's still more to learn and do! In this section I'll provide a few things you want to bookmark or buy.

Websites to Bookmark

You should bookmark the following locations for your own reference and edication for later.

Additional reading

Want to learn more and take the next steps? Check out the following resources.

Next Steps

You've come this far. Take some time off, and then go build the next big thing.

Apress' The Definitive Guide to Spring Integration

Acknowledgements

Thank you, dear community, for the inspiration.

Thank you Dan Allen (@mojavelinux) [http://twitter.com/mojavelinux] and the Asciidoctor [https://asciidoctor.org] community for their tireless work on such an amazing technology.

Thank you!

Some Code

You know what would be nice right about now? An include. Yah. An include. I'm all about inclusivity, inclusion, and code includes.

Not bad, eh?
